

Mathematics

The children will use a range of resources to consolidate and extend their understanding of place value to 1,000. They will explore and represent numbers, compare objects and count in steps of 50. They will find 1,10,100 more or less than a given number, proceeding through fluency, reasoning and problem solving, recording in a variety of ways.

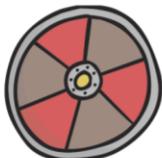

Computing

Pupils will work in the 'Scratch' program, to create animation storyboards, characters, dialogue, and movement.

History

The children will learn about the Viking raids on Anglo-Saxon Britain, the Kings and justice systems of the time. They will be able to discuss Danegeld when this is explored in a poem by Rudyard Kipling and will learn about daily life which will inspire artwork and writing.

Vicious Vikings Year 3 – Autumn 1

Art

The focus for this half term is painting and the life and works of Vincent van Gogh. The children will use a range of brush techniques to create their own pieces, linked to history and science.

RE

Whilst investigating the features of Christian churches, (including a visit) Jewish synagogues and Hindu temples, the children will be able to share their own beliefs, and opinions sensitively.

Science

Over the course of the topic of plants, the Children will learn about the functions of the different parts of flowering plants and the requirements for growth. They will investigate plant life cycles including seed dispersal.

English

Through sharing information texts about Vikings as inspiration, the children will learn the features of non-chronological reports and write their own, which they will share with their peers. They will also learn how to write more descriptively by studying the beautiful book 'A Year In The City' by Kathy Henderson.

PE

The children will hone their football skills, including dribbling and passing and during indoor lessons they will perform expressively in Country Dancing.

PSHE

Lessons will focus on health and wellbeing. The children will understand the differences between physical, emotional and mental health and learn to become more self-aware.

Music

Children will sing with accurate pitch and tune and be able to express an opinion on a range of styles of music.
